

Ultramicrotomy of Industrial Materials

Monday 24th November – Friday 28th November 2008

In view of the increasing interest in ultrathin sectioning and surfacing of industrial materials for TEM, SEM and AFM Leica has been organising annual workshops since 1999.

In cooperation with experts for hard materials (Helmut Gnaegi, Diatome) and polymers (Bob Vastenhout, Dow) you will be thought all aspects of room temperature and cryo-sectioning in theory and practice.

The workshop is held in the Leica Applications Laboratory in Vienna with its full range of EM specimen preparation instruments. Participants can bring their own samples. As social event a visit to the “Heurigen” will give insight to the “Viennese way of life”.

Registration

The workshop is open to all interested parties. Enrolment will be limited to a maximum number of 8 participants (Minimum number of 6 participants)

Registration deadline is Monday, 18th August 2008

Cancellations after this date will be charged with 50% of the course fee.

To register in this course please send an e-mail /fax to:

Attn. Mrs. Renate Neuberg
Leica Mikrosysteme GmbH
Hernalser Hauptstrasse 219
A - 1170 Vienna AUSTRIA
Tel.: +43 1 488 99 220
FAX +43 1 488 99 350
Email: Renate.Neuberg@leica-microsystems.com

Course fee

The course fee is 800,-- Euro (+ VAT)

Lunch will be free of charge.

Upon reception of your registration form, Leica Mikrosystems will send you an invoice amounting to Euro 800,--. Please note that registration to the workshop only becomes effective upon receipt of course fee!

Travel advice, accomodation

Vienna can be reached easily by international flights, either directly or via Frankfurt, Zürich, or Amsterdam. Hotel reservation can be done on request (price approx. 95,-- Euro per night).
